3-cent Stamps Required For Christmas Cards

Open Christmas cards with no writing other than a five word greeting require three (3) cents each this year.

Three and five cent Christmas stamps can be bought at the Post Office in cello packs containing 50 three cent stamps for \$1.50 or 20 five cent stamps for \$1.00. Postage stamps should be purchased early to avoid waiting in line.

A folder will go out in the mail next week to all householders. Besides giving mailing dates these folders will have labels for attaching to your bundles of Christmas cards. Tie them to the out of town and local bundles you are mailing and hasten the delivery of your Christmas mail.

Remember your parcels are but ones of thousands passing through the mails at this time of year, so pack them well, use heavy paper for wrapping and tie them with strong string and be sure your address is both inside and out.

Deadlines for Christmas mailings this year are: Dec. 3 — to distant points in Canada and the U.S.A. Dec. 13 — to other out of town points in Canada. Dec. 17 — local delivery in Vulcan.

Remember to put 3 cent stamps on your cards.

A Recurring Problem

Increased L. Bow Flow Urged By Service Board

A meeting of the Agricultural Service Board of the County of Vulcan was held in the council room on Tuesday, Nov. 3. The Service Board Chairman, R. S. Irwin presided, and Service Board members Frank Hubka, Jack Ward, O. M. Roe, and C. A. Roth were present. Also present at the meeting were Ken Houlton, supervisor, and Vern Jordan, assistant supervisor.

Late this fall the Little Bow at Carmangay was completely dried up, as a result of the Highwood River being so low that only 1.3 cu. ft. per second was being fed through the gates to the Little Bow instead of the normal 6 cu. ft. per second.

The Service Board contacted Ray Speaker, M.L.A., who made representations to the Water Resources in Edmonton, and the next day a bulldozer was at work in the Highwood, constructing a gravel dam to increase the water level at the Little Bow gates and make it possible to release more water. A more permanent solution to this annual problem is being sought.

It was moved and carried that the Service Board write a letter to Mr. Speaker, M.L.A., to have him urge the department to change the water course of the Little Bow River to its original channels.

It was moved and carried that the Service Board should survey the county councillors in respect to use of 1080 poison bait.

Mr. Roth reported to the board that there was a very poor response to the Weed Essay competition and there were only five essays received, three of which were very mediocre quality, and members of the board expressed disappointment that the Vulcan County schools had not taken a greater interest in this work. The essays were judged, and it was decided to award the first prize to Miss Linda Holm, Champion, second to Carl Anderson, and third prize to Arlene Dahl.

FIELD SUPERVISOR'S REPORT

(By Ken Houlton)

We have now completed three of our drainage and gully-filling projects for this year. These are at Dave Ruar's, Brant; Doug Stinson's, Ensign; and Everett Hermann's at Milo. We expect to complete two or three more yet this fall.

We sprayed several patches of

Sow Thistle as demonstrations again this year. Up to now, the results look just as promising as they have the last two years.

We sprayed one small herd of cattle for lice in August. To date there have been approximately 1200 cows sprayed for Warbles.

Unless there are requests for coyote control soon, we do not expect to put out any 1080 Baits this winter. We have only given out 31 Strychnine pellets this year.

I received a request from the farmers in the Carmangay area as to the water supply in the Little Bow River. I called Mr. Speaker in this regard, who is turn called Water Resources in Edmonton. It was agreed that the Highwood River would be dammed up to divert a good supply of water down the Little Bow. Since then, I have spent an afternoon with Mr. Speaker inspecting the headwaters of the Little Bow to see if something could not be done to permanently improve this situation.

We have spent considerable time this year seeding roadsides. To date we have seeded 130 miles of roadsides. This includes several miles where additional road allowance had been purchased and had to be seeded. On all the new construction, we worked the roadside after seeding. We have approximately 50 miles of roads left to seed.

We started the Fall Vaccinating program on October 19. To date, there have been approximately 1000 calves vaccinated.

Over 100 Attend

'Hutterite Meeting' Urges Public Information Program

Resolutions calling for an information program to acquaint the general public with facts concerning the spread of Hutterite colonies in Alberta and suggesting that a lawyer be engaged to investigate the provincial government handling of the Hutterite land purchases at Brant were passed at a meeting in the Vulcan high school auditorium Wednesday afternoon, Nov. 25.

Sponsored by the Vulcan District Chamber of Commerce, the meeting was attended by over 100 farmers and businessmen from

many points in Southern Alberta.

Stu Joiner, president of the Vulcan District Chamber of Commerce, opened the meeting, stating that the presence of Hutterite colonies has a definitely adverse effect on a district. Chairman of the meeting was Arthur Jones, who introduced Steve Dixon, leader of the Brant community's fight against the establishment of a colony in that area. Mr. Dixon summarized the Brant situation, stating that the point had now been reached where the provincial government's Hutterite control legislation was likely to be tested in court. He emphasized that no persecution of the Hutterites as a minority group was intended, but felt that the provincial legislation designed to control the spread of colonies should be enforced. Although the Brant land has been purchased in the names of six individuals of the Rock Lake Colony, the Hutterites are operating it as a colony, he said, and therefore are breaking provincial laws.

Hutterites are never subject to succession duties, Mr. Dixon said. They pay little if any income tax, because each member supposedly owns a share in the colony, but any colony member wishing to withdraw his share finds it impossible to do so, he said. An answer to the Hutterite problem will never be found by trying to ignore the situation, he concluded.

Telegrams from the meeting, inviting Premier Manning, his cabinet and a representative to attend the Hutterite problem conference at Red Deer November 30, were answered from Edmonton the next day to the effect that no representatives of the provincial government would attend the conference.

Here Since 1925, Cecil H. Matlock Taken By Death

A pioneer of the Champion district and a resident of the Vulcan district for the past 39 years, Cecil Howard Matlock, aged 69, died at Vulcan on Monday, Nov. 30, 1964.

Born in Colfax, Wash., he came to Champion in 1912 and lived there until 1922, when he returned to Washington. In 1925 he moved to the Vulcan district and had resided here since. He was a member of the Vulcan Branch, Royal Canadian Legion.

Besides his wife, Emma, he is survived by one daughter, Mrs. D. (Lucille) Stuart, Calgary; one son, Harris, Vulcan; three grandchildren and four great-grandchildren; his mother, Mrs. Robert L. Matlock, Post Falls, Wash.; one sister, Mrs. Beulah Stout, Champion; and one brother, Wald Matlock, Spokane, Wash.

He was predeceased by two sons, Howard, 1929, and Elmer, overseas in 1943; and by a brother, Harold, in 1959.

Services are to be conducted at the Vulcan United Church on Thursday, Dec. 3, at 2:00 p.m., with Rev. Wellington Dornier officiating.

Honorary pall bearers will be D. D. McQueen, G. C. Collier, Walter McDermott, W. A. Fitzpatrick, Archie McIntyre and Jim Williams. Active pall bearers will be Harold Bride, Leonard Engen, Merle Smith, Clifford Andrews, Jim McFadden and Joe McFadden.

A large crowd gathered at the Arrowwood United Church on Monday, Nov. 30, to pay their last respects to an old-timer of the Arrowwood district, Amos Levi Ingraham.

Though born in Margaree, Cape Breton Is., N.S., he came to this district in 1908 from Boston. He looked the country over, returned to Boston, and came back in 1910 bringing his family with him. He purchased a farm south-west of the town of Arrowwood, but spent a good part of his time erecting buildings in the district and in Calgary. He helped construct a great many of the early schools that were built in Calgary.

He is survived by his wife Ellen Mary of Arrowwood; three daughters, Mrs. Dwight Richards (Mer-tie) of Arrowwood, Mrs. Robert Beacome (Thelma), Mossleigh and Mrs. Charles Woodard (Verna) of Sanford, Fla.; a son Boyden of Arrowwood; a sister, Mrs. C. W. Wilkinson of Larkspur, Calif.; also 15 grandchildren and 15 great grandchildren. He was predeceased by a daughter, Viva in 1929 and his first wife Margaret in 1927.

It was fitting that the funeral service conducted by Rev. R. McNeill should be held from the church Mr. Ingraham had helped build and had donated to so generously. The soloist was Miss Carolyn Reed, one of the local teachers who also came from Cape Breton Island.

Honorary pallbearers were Tom Board, Milt Ward, Robert Hill, Robert Williams, Walter Steiner, Russell Culp, Arthur Brown and Mark DeWitt. Active pallbearers were his seven grandsons, LeRoy and Donald Richards, Allan and Gordon Ingraham, Kenneth, Robert and Harvey Beacome. Interment was in the family plot in the Arrowwood cemetery.

Open House For Milo Couple

A well known and highly respected couple of the Milo district, Mr. and Mrs. Gustave Johnk celebrated their 50th wedding anniversary on Nov. 22, 1964.

To mark the occasion, open house was held in the basement hall of the Milo Lutheran Church and about 200 relatives and friends were present to offer their congratulations and extend good wishes to Mr. and Mrs. Johnk for many more years of married happiness. In attendance were guests from Calgary, Vulcan, Bassano, Champion, Arrowwood, Queens-town, Lomond, Lethbridge and other points as well as many friends of the Milo community. Two of Mrs. Johnk's sister, from San Bernadino, Calif., and a

cousin from Chicago were also present. Mrs. Fred Mensinger of Lethbridge was in charge of the guest book.

Testifying to the esteem in which the Johnks are held in their community, a Westminster chime mantel clock was presented to them as a gift from their friends in the village and district. In making the presentation, Leonard Northcott paid tribute to the many fine qualities of this pioneer couple, who have lived in the Milo area for well over 50 years.

Gustave Johnk was born at Mapleton, Iowa, and his wife, the former Ella Herrmann, was born at Ossee, Wisconsin.

Coming to Canada in 1908, Mr. Johnk took up a homestead the

same year 7½ miles north of the Reid Hill post office and store. Mrs. Johnk came to Alberta with her father in 1911 and their homestead was located three miles east of Mr. Johnk's place. The Johnks were married at Fort Macleod on November 23, 1914, and later bought and moved to the farm six miles south-west of Milo, where they still reside.

Mr. and Mrs. Johnk are still interested and active in community affairs and M. Johnk still keeps busy with the regular farm work.

They have one daughter, Mrs. Beverly Maksymec of Edmonton, who has three children; and one son, Clarence, who lives on the farm with his wife and daughter.

WARREN J. BYLER, 83-year-old Alberta pioneer of the co-operative farm supply movement was honored with a presentation from United Farmers of Alberta Co-operative at the recent annual meeting of the UFA Co-op.

The presentation was made by a former associate of Mr. Byler, Lorne Proudfoot, (right), of Chinook, a director of the UFA Co-op.

The two men worked together in the Acadia UFA Co-op in the 1930's, and recalled the co-operative distributing carloads of apples to farm families of east central Alberta during the "hungry thirties."

They recalled other Acadia Co-op activities such as operation of the Maple Leaf coal mine at Drumheller, the manufacture of farm implements of which \$150,000 worth were sold in Saskatchewan and Alberta, and the distribution of \$70,000 in dividends to co-op members.

Mr. Byler, who farmed at Oyen for many years, retired to Calgary in 1949 and lives at 719 24th Ave. N.W.

Until a recent reorganization of delegate areas, Mr. Byler was the official UFA Co-op delegate for the Calgary district, the city area having been designated as a special district represented solely by the pioneer co-operator.

4-H Clubs To Promote Safety Campaign

At the annual meeting held recently in Edmonton, under the sponsorship of the Extension Branch of the Alberta Department of Agriculture, leaders of Alberta 4-H clubs accepted the responsibility of promoting a slow vehicle safety campaign.

Paul Lawrence, General Manager of the Alberta Safety Council, outlined the safety program proposed and asked delegates to take over the sale and distribution of two safety devices which have proved

highly successful in reducing the number of highway accidents caused by slow-moving vehicles in other areas. The first is a triangular shield in brown and green, fluorescent by day and reflective by night, which is attached to the vehicle by means of a bracket. The second, a red flag on a ten-foot pole, is visible to other traffic even when the slow moving vehicle itself is hidden by an elevation in the road. Both devices are designed to warn high speed traffic when

a vehicle travelling less than 25 miles per hour is on a public road, thereby eliminating one of the major causes of accidents involving slow-moving vehicles.

Each delegate to the convention was presented with one of the warning flags on its ten-foot staff by Prof. B. T. Stefanson, Professor of Agricultural Engineering at the University of Alberta, and Chairman of the Farm Safety Committee of the Alberta Safety Council.

Ruby Richardson Wed At
Pleasant Heights United

On Saturday, Nov. 7, a quiet wedding was solemnized at the Pleasant Heights United Church in Calgary, when Ruby Lillian, younger daughter of Mr. and Mrs. Laurence Richardson, and Ronald Campbell, younger son of Mr. and Mrs. Hank Hughes were united in marriage.

Rev. Carr officiated at the double-ring ceremony. Irwin Hughes, brother of the groom, was best man.

The bride entered the chapel on the arm of her father to the strains of the Wedding March played by Douglas Parnham. She looked lovely in a street-length dress of white satin brocade with a fitted top and bell-shaped skirt. Her shoulder length bouffant veil was held in place with two white roses. She carried a bouquet of red sweetheart roses.

Miss Norma Richardson, sister of the bride was maid of honor. Her dress was a pink cotton brocade, identical to the bride's. She wore a pink flower head-piece and carried a bouquet of white carnations tipped with pink.

The mother of the bride chose a dress of gold and black metallic brocade, with black accessories complemented with a corsage of white roses.

The mother of the groom wore a topaz satin brocade dress with brown accessories. Her corsage was of yellow roses. During the ceremony and the signing of the register, Mr. Parnham played several beautiful selections on the organ.

A reception followed at the Ambassador Motor Hotel for members of the immediate family. Irwin Hughes proposed the toast to the bride to which the groom ably replied.

After a family gathering at the home of the bride's parents, the bride changed to a blue double-knit dress, with black accessories complemented with a corsage of pink roses. The couple left for a short honeymoon in Banff and have now taken up residence in Calgary.

HOME SAFE HOME

How does your home rate? Every three or four hours someone in Canada dies as a result of an accident in the home.

Let's take a tour of your home and see what we can do to prevent the stumbles and tumbles, the bruises and burns, the cuts and scratches, and the more serious effects of accidents in the home.

Kitchen Katastrophes:—Knives, those dangerous weapons, should be stored in a drawer or wall rack and out of reach of young children. Wash each knife separately. And always cut away from yourself.

Do your cooking pots tip easily? Check them to make sure that they are steady, the handles secure and that they are free from chips and rust. Always keep pot handles turned in when on the stove or anytime they contain something hot. They attract little hands so easily.

Never use water to quench a kitchen fat fire — it only spreads it.

Instead have salt or baking powder close at hand or smother the fire by covering with a tight fitting metal lid. Better yet — why not equip your kitchen with a fire extinguisher?

Other Household Hazards:—

Watch for tears or worn patches in carpets. They'll soon grow to tripping size. Open drawers and doors invite bruised limbs and angry words. Don't live as in days gone by — light up those dark halls and staircases. The smallest article can cause the nastiest fall.

Have you checked your electrical cords and wiring lately? Besides being dangerous for children and adults — they add a much greater hazard — fire. What about those old paint rags and oil rags? Where are they?

Damp floor lead to slippery falls. Wipe up the spills immediately.

Has your home first aid supplies and an emergency list by the phone? Do take all the precautions and keep the home fires burning happily.

Extra Earnings

If they think of them at all, most Canadian workers likely think of their so-called fringe benefits as a little gravy — neither very important to the worker nor very costly to the company. But a new survey estimates that in 1963 in Canada the cost of fringes defined as "those benefits provided by the company in addition to wages and salaries," came to \$1,404 per employee. In 1963 the cost of fringes amounted to 26.2 per cent of pay-roll, compared to 15.1 per cent in 1953.

The survey, made by a firm of management consultants, covered 318,000 persons employed by 77 companies in the fields of manufacturing, transportation, finance, insurance, trade, public service and health, welfare and recreation. The 1963 survey put the cost of fringes per employee at \$202 higher than the figure estimated by a comparable survey made in 1961. Also, as a percentage of payroll, the 1963 study put the cost of fringe benefits in Canada slightly ahead of similar costs in the U.S., although the four previous studies made since 1953 showed the same return for the two countries.

The most expensive classification in the list of fringe benefits is time off with pay, an average of \$604 per year per employee. This classification includes vacations, paid holidays, rest periods and coffee breaks, paid jury and militia duty, time off for union business.

The second most expensive classification is pension and welfare plans, an average cost to the companies of \$424 per employee per year. These plans, to most of which employees also contribute, include retirement pensions, group life insurance, hospital and medical insurance, non-occupational sickness and accident benefits.

Another principal item, coming to \$167 per worker per year, is payments that companies must make by law — contributions to unemployment insurance, workmen's compensation and the old age security pension fund. Since these payments are mandatory, they are not always considered as fringe benefit costs; at the same time, they do come within the definition of employee benefits other than wages and salaries.

Fringe benefits are not inconsequential, nor are they inexpensive. They have become a major part of workers' earnings and their cost, since it is a part of the cost of production, is ultimately reflected in the prices of our goods and services.

Donna Marilyn Fritzler Married At Lethbridge

Candles and baskets of coral carnations and bronze mums decorated the altar of St. Andrew's Presbyterian Church, Lethbridge, for a late afternoon wedding ceremony of interest to Vulcan and Lethbridge friends.

United in marriage were Donna Marilyn Fritzler, youngest daughter of Mr. and Mrs. Jacob Fritzler of Vulcan and Lethbridge, and Lorenz Clarence Carlson, eldest son of Mr. and Mrs. Clarence Carlson of Lethbridge.

Rev. S. R. Sherman of Medicine Hat, uncle of the bride, officiated at the double-ring ceremony. Miss Shirley House, soloist, sang, "The Wedding Prayer," and "O Perfect Love" accompanied on the organ by O. Siefert.

Given in marriage by her father the bride chose a floor-length gown of imported lace with sweeping organza train accented by applied lace and pearls. The fitted bodice, featured a scalloped neckline dotted with tiny pearls, and lily-point sleeves. She carried a bouquet of talisman roses. Her bouffant chapel veil misted from a double crown of crystal and pearls and her only jewelry was a necklace of pearls, a gift of the groom.

The bride's sister, Mrs. Lorraine Schmidt, of Lethbridge, was matron of honor, and the bridesmaids were Miss Audrey Flickinger, of Regina, and Miss Diane Ausring of Lethbridge. The trio wore identical floor length gowns of peacock blue, featuring scalloped lace bodices with silk organza skirts. Their matching organza pillbox hats were misted with tiny chapel veils and they carried bouquets of coral carnations and white button mums.

The flower girls, Gloria Fritzler and Karen Klaus, nieces of the bride, wore identical floor length gowns of white nylon dacron complemented with lace bodices and

peacock blue cummerbunds. Their matching headpieces of peacock blue organza flowers were misted with tiny chapel veils and they carried bouquets of coral feather carnations and white button mums.

The candlelighter, Miss Beverly Carlson, sister of the groom wore a floor length gown of peacock blue organza and lace.

The ring bearer, Arlen Schmidt, nephew of the bride, carried the rings on a heart shaped cushion of satin and lace.

Attending the groom were, Alvin Carlson, brother of the groom, Marvin Fritzler, brother of the bride, and Fraser Edwards, all of Lethbridge. Ushers were Rubin Schmidt and Delroy Kaupp.

The reception was held at the St. Andrew's Presbyterian Church Hall, where tables were decorated with candles and vases of miscellaneous flowers. Miss Sandra Schierman, cousin of the bride, was in charge of the guest book. Marvin Fritzler was master of ceremonies and Rev. S. R. Sherman proposed the toast to the bride.

For travelling the bride changed into a three piece gold double knit suit with black accessories. Her corsage was of talisman roses. Upon their return from a honeymoon spent at the west coast, Mr. and Mrs. Carlson are making their home in Lethbridge.

Vulcan County Committee Meetings

(Continued From Front Page)

Tests were present and discussed the detailed matters related to the completion of the vocational wing, and it was felt that the contractors would be able to turn the building over to the County of Vulcan on December 14. There were a number of items to be corrected and work was proceeding at a very good rate to complete the building.

Committee members discussed at length, the arrangements for the operation of the cafeteria in the new vocational wing, and decided to set up a committee composed of F. N. Thurber, R. Wellman, E. K. Hawkesworth and D. McQueen, secretary-treasurer to study arrangements in other schools and make a report at the next committee meeting.

Mr. Bertrand noted that this was his last meeting on the school committee and thanked the members of the committee for cooperation extended to him and the pleasant relations that he had had while serving the Milo people on the County School Committee. Mr. Bertrand was loud in his praises of the work being done by the committee and assured all that he would be available in an advisory capacity, at any time, to render advice and suggestions in respect to the Milo School. Mr. Bertrand felt that he had obtained a wonderful experience looking after school affairs and assured the committee that he had been in agreement with everything which was being done.

Mr. McKay thanked Mr. Bertrand on behalf of the committee and the county generally for the services he rendered. He felt that the people in that area had been very ably represented by Mr. Bertrand and assured him that the school committee was ready, at all times, to discuss matters at Milo with him.

COUNTY COUNCIL MEETING

The November meeting of the Council of the County of Vulcan No. 2 was held in the council room on Tuesday, November 10. Reeve Jack Deltz presided and Councillors F. E. Hubka, A. Ulrich, Ivan Haga, R. S. Irwin, Earl Erickson, A. McAllister, M. Willard, J. M. McKay, F. Thurber and Don McQueen were present. Also present was D. McQueen, secretary-treasurer.

A letter from Hon. Gordon Taylor, Minister of Highways was read. The letter contained a request from the Village of Arrowwood for a hard-surfaced access road from Highway 24 to the Village of Arrowwood. The councillors took note of the letter and advised the secretary-treasurer to answer Mr. Taylor and give him the details of the plans for paving in the future.

R. Kotkas, assessor, was present at the meeting, and discussed the matter of the completion date for the assessment. He advised the meeting that it would be impossible for him to complete the assessment until approximately the end of February 1965. He felt that if the department would obtain an order from the minister extending the date for the completion to February 28, this would solve the difficulty. A feeling was expressed by a number of the councillors that it was most desirable to start using the new assessment in 1965, and it was moved and carried that application be made to the Director of Assessment for approval to

extend the date for completion of the assessment to February 28.

It was moved and carried that authorization be given to Mr. Kotkas to obtain additional help from the provincial assessors' office to help complete the assessment in time.

The secretary-treasurer was instructed to write to the Department of the Provincial Secretary and inquire as to the details with respect to projects which were allowable under the recreational grants.

Mr. McKay, Chairman of the School Committee, reported to the council of school matters since the last two meetings, and advised that a number of disciplinary problems had been dealt with. He also reported on the progress being made finishing the vocational wing of the high school and suggested that the probable opening date would be in the week of December 14.

Boyd MacKay and Pat Walker, members of the Vulcan Recreational Committee were present and interviewed the council in respect to the proposed Vulcan Recreational Area and the possibility of obtaining recreational grants. No action was taken at the present time, but the councillors were interested in obtaining information from the government in respect to projects and the recreational area will be discussed at a later date.

Mr. Irwin, Chairman of the Agricultural Service Board, reported to the council on the Service Board matters for the past month, and asked their opinion on the 1080 poison bait for coyotes. After discussing this, it was moved and agreed that the County Council recommend that the Service Board use strychnine pellets.

The secretary-treasurer read a report of a meeting of the five village school representatives held in the county office and noted that the five representatives had appointed George Moses and Eugene Burris as school representatives in accordance with the amendment to the County Act. It was moved and carried that George W. Moses and Eugene Burris be appointed to the County of Vulcan School Committee for the ensuing term of two years.

It was moved and carried that the council recommend the application for approval for boat ramps at the Little Bow Park on the north side of the Sanderson Subdivision, and also on the south side at the terminal of the new road which was just completed.

A farm record system specifically designed for grain-livestock farms of this area. Designed by a Chartered Accountant to quickly give all information necessary for income tax purposes and at the same time maintain an easily-kept yet clear and concise book-keeping record of your farm operations.

Refill sheets will always be available, because they are printed by and in stock at The Vulcan Advocate.

This farm record system is priced so low and will prove so convenient you can't really afford to be without it.

A liquid fertilizer (10-20-10) was offered for sale to central Alberta farmers during the summer of 1964.

Using the manufacturer's recommended rates and methods of application it gave about the same crop response as normal application of ordinary 11-48-0. But according to Dr. D. K. McBeath, Plant Nutritionist at the Lacombe Experimental Farm, the liquid fertilizer was the more expensive of the two.

The liquid fertilizer cost three dollars per gallon and the recommended application was five gallons to the acre—three gallons sprayed on during the seeding operation and another two gallons sprayed on when the crop was eight to 10 inches high. Says Dr. McBeath, it cost fifteen dollars an acre for the liquid fertilizer for the same yield response that 50 pounds to the acre of 11-48-0 would provide for less than three dollars per acre. However, he says, if liquid fertilizer should become more competitive in price, it may find a place on Alberta farms.

Like all fertilizers it is registered by the Plant Products Division of the Federal Department of Agriculture and it has a guaranteed analysis. There is nothing wrong with the idea of feeding the plant through the leaves. Foliar feeding is an accepted method of fertilization particularly for the application of trace elements to orchards.

On the basis of the yield results he concludes that at the present the liquid fertilizer is just too expensive compared to the ordinary kind.

Auction Sales

— AUCTIONEERS —
BOB LAUSEN GERRY GOING

— LAST WEEK'S MARKET REPORT —

Our sales this fall have lived up to our predictions. Remember how some market reporters laughed when we said steer calves would sell to \$24. Ontario buyers on our market have been able to get very little done because of our high prices. They are buying good steer calves at \$20 to \$20.50 at other markets and really are amazed when they sit on ours. Last week we had four of them in attendance and they never bought a calf. This goes further to prove that it pays to sell your livestock through the FOOTHILLS LIVESTOCK POOL LTD. and RECEIVE THAT LITTLE EXTRA.

On Tuesday, Nov. 24th Steer prices were lower while Heifer and Cow prices were fully steady. Good to Low Choice Butcher Steers \$19 to \$21; Good to Low Choice Butcher Heifers \$17 to \$19; Good Cows \$11 to \$12.50; Top Steer Calves \$21 to \$23.50 with some extra special over that. Top Heifer Calves \$16 to \$18 with some higher and at the present time they would seem to be the best buying.

OPEN MONDAY EVENINGS UNTIL 11:00 P.M.—
Please Bring your Cattle on Monday — It will pay.

STOCK COW SALE, FRIDAY, NOV. 27th

300 stock cows on offer with the first cold spell of the year in attendance and this didn't help. Cows ranged from \$125 to \$172.50 with the average good cows \$140 to \$160.

PIG AND MILK COW SALE, SATURDAY, NOV. 28th

Once again the cold weather took its toll, especially on the weaner pigs. Feeder pigs were just slightly lower. Piglets \$4 to \$5; Good Weaner Pigs \$6 to \$8; Feeder Pigs \$8.50 to \$20; Piggy Sows \$35 to \$50; Boars \$15 to \$35; Baby Calves \$15 to \$25; Milk Cows \$125 to \$175.

Double-Ring Ceremony Unites Vulcan Couple

Marriage vows were exchanged in a double ring ceremony at the Vulcan United Church on Oct. 24, at 3:30 p.m., between Charlene Dee, daughter of Mr. and Mrs. Orvel Weeb and James Leroy, son of Mr. and Mrs. Howard Spaeth, all of Vulcan. Rev. Dormer officiated.

As the bride entered the church

on the arm of her father to the strains of The Wedding March played by Wm. Tompkins, she looked very lovely in a floor-length gown of lace over satin with a train flowing from the waist, accented by a fitted bodice with a scalloped neckline and lily-point sleeves. The dress was designed and made by Mrs. Clay Snow. Her chapel-length veil was held in place by a pearl and sequins tiara. She carried a white Bible covered with red American beauty roses.

Preceding the bride were bridesmaids Miss Rae Uilly and Miss Diana Webb, sister of the bride, and matron of honor Mrs. Elaine Brown. All were dressed in peau-de-sole sheaths and lace jackets with matching headpieces of yellow, pink and green respectively. They carried carnation bouquets harmonizing with their dresses.

The flower girl, Lollie Rennie of Calgary, cousin of the bride, was very sweet in a blue peau-de-sole and lace dress, and carried a basket of baby mums with fern. Guests were ushered to their places by Wayne Brown and Blain Middleton, brother-in-law of the groom. Best man was Allan Deal and the ring bearer Gary Cunningham of Lethbridge, cousin of the bride, who carried a white satin pillow which held the matching wedding bands.

Mrs. Edwin Hiltz sang Oh Promise Me during the singing of the register.

The reception was held in the basement of the United Church. Clay Snow was master of ceremonies. Miss Brenda Haga, cousin of the groom, sang two very appropriate selections. The toast to the bride was given by Dwayne Rennie of Calgary. Toasts were also given to the bridesmaids and parents of the bride and groom by Allan Deal, Clay Snow and Ivan Haga respectively.

A beautiful four-tier pink and white cake decorated the head table made by Mrs. George Fulton assisted by Mrs. Les Combs with the decorating. A delightful hot turkey supper was served by the United Church Ladies. Photos were taken by David Mitchell.

After the reception the bride changed to a blue linen dress and boucle coat tastefully made by Mrs. B. Middleton. Her accessories were pink and black with a beautiful pink carnation corsage. After a very nice trip to Las Vegas and Disneyland the bride and groom have taken up residence on the A. G. Spaeth farm at Vulcan.
